Representative Assembly,
Budget Session, 1944

Representation No 56. 119

Construction of a new water tank for supplying water to Davangere Town

Mr Goudara Gurushantappa (Davangere-Urban)

Resolution

It is nearly thirty years since the water tank in Davangere which is supplying water to the town, was constructed At that time, the population of the town was perhaps only twenty thousand But at present, the town has expanded considerably and the population might well be nearly fifty thousand And nearly seven to eight thousand people from outside visit the town every day Water supply is insufficient to meet the present needs of the town The town is supplied with water only twice a day for a duration of one hour each time This has caused great inconvenience to the townspeople including the floating population. It is therefore prayed that with a view to alleviate the hardships sufficient funds be provided for the construction of a new tank and for keeping the pumping installation at Harihar in proper working condition.

Cp

Memo is pending in the office copy to the D P H for a note of the same has been signed by the Asst Secy

From The Director of Public Health
No C 149-68 dt 22.5.68
forwards a note in the matter
" " 25

Secy Note

Sanction has been already
accorded to an estimate for Rs 13,8000
for the construction of a R.C.C
tank at Jawaraghe, in connection
with the improvement of water supply
to the town. The Govt have also
given a contribution of Rs 4600
towards the cost of ~~execution~~
~~work~~ The question of taking
the work for execution is under

active consideration of the MLC (Representations No 119)

The pumping installation at Hartlebury is kept in a proper condition. The question of further improving it in any way will be considered after definite proposals are received from the MLC in this behalf

the more important works like the Construction of the R.C.C. Tank, underground drainage Bus Stand etc done by the Municipality depending Conversion of this into a city after the cessation of the war, ~~Therefore~~ Municipality proposes to increase the engineering staff for the purpose. The D.C. recommends the resolution for sanction

(21) Submitted with Ref Cr. 6 paras 7 & 13 Supra

16/7

21) The Municipality Kurnool proposes to undertake several public works estimated to cost Rs 12,95,500 (vide statement Appendix II D.C. No 3 D.C. 1958) by the works mentioned therein, the works relating to (1) the Construction of the R.C.C. tank at a cost of Rs 1,30,000 and (2) the underground drainage scheme for the Jagannadhapuram extension at a cost of Rs 77,500/- have been sanctioned by the Govt. They will have also sanction the payment of grant of Rs 46,000/- towards the first work & help to carry the second work. The estimate for Rs 5,41,000/- for the construction of the Municipal office was under sanction of Govt.

22) At present there is a outstanding of Rs 125-10-175 in the Municipality on 31-5-58 working on the ~~the~~ basis of carrying interest ~~was~~ financed by the Govt. ~~was~~ advised to see that

undivided attention is paid to all this
with a view that these works are executed
expeditiously & the advantages derived from
resolved to carry them out under departmental
supervision. We have therefore proposed to employ
an experienced Engineer officer of the Indian
Public Engineer in lieu of the present Sub Engineer
and to have an additional Storekeeper also.

(2) The Chitaldrug Tank scheme sanctioned
in the above proposal, to be in force for 5 years
it is stated that the expenditure in the establishment can
be met out of the provision of 1 8 0 made for
E.T.P charges in the estimate for the works
The idea is to have money which would have
to be spent on E T P charges if the works are
entrusted to the P W D & the Bureau of Industry
engineering

(3) In this Connection it is stated that there are
all very costly works and also involve
technical skill we have to be executed with
proper care & caution so that the money spent on
them should not be considered a waste The Govt
have an interest in these works as heavy contributions
are paid by them & would be difficult to
procure undays to procure experienced Engineers of the grade of Asst Engineers for
service under the Govt exclusively when there
is technical skill available in the Bureau of
Industry Engineering for carrying out the water supply
(Electricity & the drainage works, it should
be taken advantage of by the Govt so
that the money spent would have a

(a) 82 5/3 Proposal of Damages sworn to for certain Pipelines executed through municipal agency

good return. - If the work is done under the direct supervision of the Hd agency, even then it should be scrutinized by the departmental officers first.

25) The Chief Engineer Irrigation who was Consulted on the matter is retired from of the proposal (vide para 7 Enquiry) Mr. Dun has not furnished any definite opinion

27) Having regard to all the facts of the case, it is for consideration if it would be advisable to allow the work being carried out by the Hd Agency & to sanction the enhanced establishment asked therefor

To

The Deputy Commissioner,
Chitaldrug District, Chitaldrug.

Re Water Supply and Drainage of Davanagere Town.

SIR,

I have the honour to inform that Government sanctioned the construction of an R C.C Tank of 2 lakhs gallons capacity at an estimated cost of Rs 1,38,000 and another for the underground drainage of Sri Jayachamarajendra Extension at a cost of Rs 77,500/-. The Sanitary Engineer has addres ed the Municipal President to place the necessary funds at the disposal of the Sanitary Engineer to enable him to take further action

The President in his letter No.H.C. 157/43-44 dated 21st April 1944 to the Deputy Commissioner has intimated that the Municipal Council are anxious to get the sanctioned and proposed works executed at their special meeting held on 11 4.1944 and have passed the following resolution. -

> "Resolved that the Government may be requested kindly to permit the Municipal Council to get executed important works of the Municipality such as R C C Tank, underground drainage, bus stand etc., through the Municipal agency as they have got a qualified Engineer and a Sub Overseer. It may be submitted in this connection that the Municipal Council is prepared to entertain an experienced engineer of the grade of an Assistant Engineer in place of present Sub Engineer and an additional Sub Overseerand other necessary establishments if found necessary. The proposal is made with a view to see that undivided attention is paid to the works and that these works are executed expeditiously as they are all of an urgent nature"

Under the circumstances, I request that you may kindly intimate your decision in the matter so that no time is lost in starting the work.

I have the honour to be,

Sir,

Your most obedient servant,

Sd P Parthasarathy
DIRECTOR OF PUBLIC HEALTH.

GOVT OF MYSORE
10 MAY 1944

Dear Sir,

This is to request you kindly to consider favourably the resolution of the Davangere Town Municipal Council passed at its special general meeting held on 11-4-1944, praying Government to permit the important works of the Municipality such as the construction of P C Tank, Under ground Drainage, Bus stand etc, through the Municipal Agency The opinions of both the Sanitary Engineer and the Chief Engineer have been taken orally and they said that they should welcome the proposal

DEPT OF REVENUE SECT
7294
10 MAY 1944
L S G BRANCH

The resolution has been communicated to Government through the Deputy Commissioner on 21-4-1944 I hope that the Deputy Commissioner has also recommended the matter to Government because, I had a talk with him on the subject I do not know at what stage the matter stands I learn that the P W Department and the Sanitary Department have since the communication of the resolution been waiting for the final orders of Government on this subject and are not earnest in pushing through the work

In the circumstances I request you kindly to bestow your personal attention on the subject and pass early orders

Regarding your visit to our place and laying the foundation stone of the Municipal Offices you might not have forgotten the promise you had made personally to visit this place in the first week of May The first week of May has passed, 2nd week has come to a close, still I am not appraised of your programme May I request you kindly to visit this place at least in the month of June preferably the first week

With best regards

Yours sincerely,

Sir,

Subject - Proposal of Davangere Town Municipal Council to get certain Public Works executed through the Municipal Agency

---

Adverting to your D O letter No L 11742, dated the 22nd May, 1944 calling for my opinion on the above proposal, I have the honour to state that the Municipality has on hand several schemes estimated to cost nearly Rs 12,95,500/- as detailed in the Statement enclosed Out of this estimate amounting to Rs 2,79,500/- have been sanctioned and the others have been either submitted to Government or are under submission to Government As there is an idea of converting Davangere Town into a City Municipality after the cessation of the war and as several schemes have to be taken up from time to time in view of the growing importance of the town it would be desirable to increase the existing Engineering establishment to execute these works instead of getting them done through the Public Works Department or the Bureau of Sanitary Engineering for which 18 per cent of the estimated cost will be charged towards establishment and tools and plant charges So it is proposed to entertain increased

increased establishment as detailed in the copy of the proposition statement enclosed, the extra cost per month being Rs 513-14-0 per month or Rs 6,166-8-0 per annum, plus pensionary contribution and leave allowances amounting to Rs 685-8-0 per annum The total establishment and tools and plant charges calculated on the total amount of estimates sanctioned so far, will work out to Rs 50,510/- The Municipal Council will be saving some amount by getting these works done by Municipal Agency In addition undivided attention can be bestowed by the Municipal Establishment on such works and better and speedy execution of works ensured I am therefore of opinion that the Municipality may be permitted to entertain the increased engineering establishment temporarily for a period of 5 years, pending conversion of the town into a City Municipality and entertaining enhanced engineering establishment permanently

The expenditure on account of the proposed increased establishment, as explained above, can be met out of the provision of 18% made in the estimates towards establishment of tools and plant charges

I therefore request that Government may be pleased to sanction the enhanced establishment shown in the proposition statement, for a period of 5 years, so that the works already sanctioned may be got executed expeditiously as resolved by the Municipal Council at its meeting held on the 11th April, 1944 A copy of the resolution is enclosed

I request that favour of very early orders in the matter

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,

Davangere

Resolution.

Resolved that the Government may be requested kindly to permit the Municipal council to get executed important works of the Municipality such as R C C Tank, underground drainage, Bus stand etc , through the Municipal agency as they have got a qualified engineer and a sub-overseer. It may be submitted in this connection that the Municipal council is prepared to entertain an experienced Engineer of the grade of an Assistant Engineer in place of the present Sub-Engineer and and additional Sub-overseer and other necessary establishments if found necessary. The proposal is made with a view to see that undivided attention is paid to the works and that these works are executed expeditiously as they are all of an urgent nature.

Sd/ H Kottur Basavappa,
President

Subject - Proposal of Davanagere Town Municipal Council to get certain Public Works executed through the Municipal Agency

I have the honour to state that Government have sanctioned the construction of an R C C Tank of 2 lakhs gallons capacity at an estimated cost of Rs 1,38,000/- and another for the underground drainage of Sri Jayachamarajendra Extension at a cost of Rs 77,500/- The Sanitary Engineer addressed the Municipal President to place the necessary funds at the disposal of the Sanitary Engineer to enable him to take further action The president in his letter No H C 157/43-44 dated 21st April 1944 to the Deputy Commissioner Chitaldrug has intimated that the Municipal Council are anxious to get the sanctioned and proposed works executed at their own agency The Deputy Commissioner was requested in this office letter No C 49-63 dated 6 5 44 to intimate his decision on the proposals of the President in reply the Deputy Commissioner has sent a copy of his letter addressed to Government in his letter No A6-P R 284/43-44 dated 25th June 1944 recommending the proposals of the Municipal Council to permit all the Public Works executed through the Municipal Agency

I may state that on account of the above proposals and the funds having not been placed with the Sanitary Bureau, the works are held up

I have the honour to be,
sir,
Your most obedient servant,

G Venkatarao

GOVT LAW DEPT 28 OCT 1944 GOVT OF MYSORE

dated October 27, 1944

To
The Secretary to Government,
Law Department, Bangalore

SIR,

Construction of R C C Tank of 2 lakhs gallons capacity for water supply and underground drainage work in Sri Jayachamarajendra Extension at Davanagere

Adverting to your letter No I 1795-M1 80-44-2 dated 23rd August 1944 addressed to the Deputy Commissioner, Chitaldrug District rejecting the proposal of the Davanagere Municipal Council to execute the works relating to the construction of the R C C Tank and the drainage scheme at Davanagere through its own agency by appointing extra establishment, a copy of which has been sent to this office, I have the honour to state that the Sanitary Engineer intimates in his letter No 382 dated 10th October 1944 that the works, amounting to Rs 2,15,500/- and being of an important nature, require close supervision and that it is not possible to manage the supervision and execution of the works with the existing strength of the surveyors in the Sub Division He therefore requests the posting of a Surveyor immediately for the work

I therefore request you to be so good as to obtain and convey sanction of Government to the appointment of a surveyor on Rs 60-5-125-10-175 for the execution of the construction of R C C Tank of 2 lakhs gallon capacity for water supply and underground drainage work in Sri Jayachamarajendra Extension at Davanagere, the cost involved being met under unforeseen charges provided for in the estimates

Early orders may kindly be obtained and conveyed as the Sanitary Engineer intimates that until a surveyor is posted it will not be possible to start the work

I may state here for the information of Government, that tenders for the underground drainage work will be called for on

...

...ipt of the estimate amount from the Municipality ...ut the terms for the other works viz., C.C.Tank construction, ...ding call for by the Sanitary Engineer as the Municipality ...s deposited the early 1/4th of the amount.

A copy of Sanitary Engineer's letter is enclosed for the information of Government.

I have the honour to be,

Sir,

Your most obedient servant,

DIRECTOR OF PUBLIC HEALTH.

Letter No 382 dated 10th October 1944 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

--

Re construction of R C C Tank of 2 lakhs gallon capacity for water supply and underground drainage work in Sri Jayachamarajendra Extension, at Davanagere

---

In inviting your kind reference to your Memo No C 49-96 dated 31st August 1944 forwarding copy of letter No L 1795-M1 80-44-2 dated 23rd August 1944 of the Secretary to Government, Law Department, Bangalore addressed to the Deputy Commissioner, Chitaldrug District in the above connection, and stating that both the works should beexecuted by the Sanitary Bureau alone etc , I have the honour to state that the estimated cost of both the works will be Rs 2,15,500/- The works being of an important nature require close supervision and it will not be possible with the existing strength of the Surveyors in the Sub Division to manage the supervision and execution of the works It is very necessary to have the services of a full -time Surveyor with headquarters at Davanagere to supervise both these works and I request you to kindly address the Chief Engineer to post a Surveyor immediately for the works In the meantime, tenders are being called for for the work of constructing R C C Tank, for which the Municipality has deposited nearly 3/4th of the amount Tenders for the underground drainage work will be called for on receipt of the estimated amount from the Municipal President, Davanagere

I would once again like to submit that until a Surveyor is posted for these works entirely, it will not be possible to start the work

The cost of the temporary establishment can be met under the item of Unforeseen charges in the estimates
